

*Seven Angels Cellars*

*2013 Viognier*

This is not your mother's Chardonnay. However, like Chardonnay, Viognier is full bodied with a lush, soft character. In contrast to Chardonnay, our Viognier has natural aromatics that include notes of sweet rose. It has a soft, smoky butter flavor on the finish. You'll understand why this special Rhone varietal is becoming the "new kid on the block"!
